

15-Apr-2015

PCN #:P-15-011356

**Subject:**1.0mm FH (IEEE1386) Connector

**Description of Change:** TE will change the tape&reel (Emboss) color from black to translucent, and heat sealing type cover tape will be used in new packaging. All dimension will be same as old packaging, so this change will not influence customer using.

**Reason:** Product [improvement.TE](#) is keep on improving the quality of product, basing on existing customer complaints analysis, there is big space to enhance quality by improving packaging. So we'd like to inform all customer translucent emboss and heat sealing will be used in 1.0mm FH (IEEE1386) connector, it's better for product inspection and package strength.

**Impact of Change:**form - fit - function

**Key Dates:**

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
