

10-Mar-2021

PCN #:P-21-020596

Subject:SFR Very Flexible, Flame-Retardant, Silicon Elastomer Tubing and SEB Raychem Side Entry Bushing

Description of Change: SFR tubing sizes 3/8 and larger passed fungus resistance testing and are released for sale to the RT-1140 and AS23053/10 specifications. All sizes of SEB products are also released for sale. SFR tubing sizes 1/4 and smaller will continue to be sold only on deviation until TE can ensure they will meet the fungus resistance requirements of AS23053/10.

Reason: Part status change.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
