PCN #: P-23-024219

Subject : Global Product Sourcing

Description of Change : In order to reduce business risk and mitigate potential supply chain disruptions, TE is seeking multiple sources for the purchasing of a number of coils used in the manufacture of various CII, Kilovac, and Hartman brand electromechanical relays and contactors for the following part numbers. This involves multiple global sourcing locations. These sources are not new to TE as they have existing approvals on other TE mil spec relay designs. TE is currently working through the qualification/validation plan with these suppliers and coordinating closely with the DLA throughout the transition. Qualification and implementation will take place in phases but is expected to be complete by the end of calendar year 2023. This PCN is a notice of that change.

Reason : Part status change.
