

04-Nov-2014

PCN #:E-14-015710

Subject:Update rating for PRC series power rocker switches. Change m

Description of Change: PRC series switch contact rating is being updated and the marking method is changing to laser marking. The switches will now be rated at 20 A @ 125 VAC, 16 A @ 125 VAC 3/4 HP, 10 A @ 250 VAC, 10 A @ 277 VAC 3/4 HP. The parts are not changing in function or composition; the change is occurring to reflect the new UL rating. Parts will continue to be marked with the rating by laser mark.

Reason: Product Improvement.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
