

18-Dec-2014

PCN #:E-14-018191

Subject:HDP (Heavy Duty Plastic) Family Connector, size 24

Description of Change: 1. Change the connector housing polarizing indicator from a shallow groove to a flush shiny stripe (external change) 2. Add a polarizing indicator on the top of the weld ring with laser marking (external cosmetic change) 3. Change the date code from YYWW to YYMDDHH (external cosmetic change) 4. Internal features have been modified to improve weld strength capability.

Reason: Product Improvement. Dear Customer, we are contacting you to notify you of several design improvements we are making to the HDP connector family. Currently the shape of the polarizing indicator is an indentation on the rear end side of the connector body. The new polarizing indicator will be laser marked. This change will affect the standard and L015, L017 and L024 modifications. Also, as a result of process capability studies we have identified opportunities to make small dimensional changes to internal features of the weld joint between the shell and the weld ring. These changes make more consistent weld strength with no negative impact. These changes are completely internal and are not detectable once the weld is complete. **IMPORTANT:** This is a continual improvement so the current and previous revisions of these parts can be used interchangeably in the field. These changes are being phased-in gradually and previous revision can remain stocked until use.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
