

20-Feb-2015

PCN #:E-15-001210

Subject:Changing cover material on FSM JSM tactile switches to corro

Description of Change: FSM JSM tactile switches are being updated to include a stainless steel cover to improve corrosion resistance. This will replace the previous nickel plated steel cover, and help to prevent cover corrosion. Part numbers on customer drawing 2-1437565-7 are impacted by this product improvement, including all part numbers listed on the PCN.

Reason: Product Improvement.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
