

29-Apr-2015

PCN #:E-15-003136

Subject:DEUTSCH Brand Size 16 S&F Gold Contacts

Description of Change: Plating region specification change for gold flash area on Size-16 Gold stamped and formed terminal. Non-engaging area gold flash transition will be limited to the spring region and no longer extend into crimp. Engaging area gold plating is unchanged. This change will not impact other areas of connector performance. **IMPORTANT:** This is a continual change so the current and previous revisions of this part can be used interchangeably in the field. This change is being phased-in gradually and previous revisions may remain stocked until use. Change only affects Gold plated contacts. Remaining contacts are listed only to keep revision levels consistent.

Reason: Document Clarification. Manufacturing Request. Standardization of plating coverage.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
