PCN #:P-15-012149

Subject:Plastic material, UL ratings and partial dimensions change at MT2 Relay series

Description of Change: Dear Customer, following TE's engagement for continuous product productivity improvement contact size has been optimized for MT2 Relay Series since week 29 2014 onwards. Prior to implementing this change, various product qualification tests have been successfully passed. As a further productivity enhancement, TE will change plastic material for MT2 Relay series moving forward. To ensure due diligence associated to this product change while on an interim basis the production with the original contact size was resumed in week 33 2015, UL testing has been successfully done and accompanying file E111441 has been updated accordingly by UL authorities since August 26th 2015. TE will start manufacturing MT2 Relay Series products in accordance with latest UL file from Jan 1st 2016. A new updated data sheet including all changes will be available on the TE web page (www.te.com).

Reason: Product improvement.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
