Subject:2 POSITIONS TAB HOUSING Tool Replacement

Description of Change: For following part we have built a new tool: 282092-1,282092-2,282092-3 Dear Customer, we hereby inform you about a tool replacement of a molding tool for the above mentioned part-Number. As a result of our continuous strive for quality improvements of our production, we hereby inform you upfront about a new tool, which is under construction In order to meet all specification requirements to replace the current one, which is worn out. A location change of the tool isn t required. But if so, TE ensures that the new manufacturing location operates under a certified quality system in accordance with standard automotive requirements.

Reason: Customer Request.Based on a TE internal procedure for tool / product release all related specifications will be tested in advance to the first delivery out of the new tool. The following design changes will be done with the tool Replacement: e. G. Cav-marking, new TE-Logo, Further detailed design change description if available Along with this change a PPAP level 2 will be provided in advanced to the first delivery, for OEM-specific products if required, it will contain a verification of release from the belonging OEM.A PPAP Level 1 will be provided if it concerns a component of a TE-product which remains unchanged. If you have any doubts related with this PCN please notify the responsible TE Sales Contact within 14 calendar days after receipt of this PCN. If we need to block shipments due to the time of approval please notify also the responsible TE Sales Contact.

Impact of Change:form - fit - function
