PCN #:P-16-012549

Subject:Addational capacity

Description of Change: TE Connectivity (TE) would like to inform our customers that we are increasing global production capacity of the Generation Y receptacles. This increased production is to support global demand requirements. There is no change to the product form, fit or function. This is just new duplicate tooling to produce additional product for the part numbers listed below. There will be a total of 2 new tools with this capacity expansion coming online. These new tools will be located in the current US production facility. Samples and PPAP submission is currently available.

Reason: Product improvement.Customer Request.Increased capacity to support the global demand of the Generation Y receptacles. NOTE SE: QDBLOCK NOT REQUIRED.

Impact of Change:form - fit - function
