

07-Jul-2016

PCN #:P-16-013276

Subject:Manufacturing Location Change for IDENT made at Menlo Park

Description of Change: Manufacturing location change. Following Part Numbers will be transferred from Menlo Park to Redwood City.

Reason: This notification is to inform our customers that TE Connectivity is closing our facility in Menlo Park California, USA and moving the production of ADM Elastomeric Tubing and IDENT to our Redwood City California, USA facility. The sites are only 4 miles apart and the current manufacturing operations will remain the same after the migration. This includes the same workforce, materials, and equipment. The transfer will start in October 2016 with the targeted completion in 2018. TE reserves the right to provide TE qualified products from either site both during and after the transfer period, on stocked items. To ensure a successful and seamless transition, TE will perform validation testing at Redwood City as the production migrates. Please note that some of these products are currently made in TE locations other than Menlo Park. This notification does not apply to you if you currently receive these products from a manufacturing site other than Menlo Park.

Impact of Change:Manufacturing location change

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
