

04-Aug-2016

PCN #:P-16-013391

Subject:DEUTSCH WHDS and Lock Washers

Description of Change: The Industrial & Commercial Transportation (ICT) business unit of TE Connectivity (TEC) intends to move production lines for the above products from Hemet, CA (USA) West campus to LADD, Kettering, OH (USA). Level 4 PPAP packages by product family will be offered by customer request once a sufficient inventory bank is built to prevent any delay.

Reason: Dear Customer, we inform you of this alternate manufacturing location as part of our aggressive continuous improvement efforts on delivery. The alternate manufacturing location process is executed by following TE internal strict procedures, which mitigates quality risk while increasing our ability to supply your products on time. The alternate manufacturing location is governed under a TS16949 certified quality management system according to standard automotive requirements. An internal release based on our specifications will be executed before any parts are delivered.

Impact of Change:Manufacturing location change

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
