PCN #:P-16-013592

Subject:Change PCF relay case marking from ink marking to laser marking

Description of Change: As part of our ongoing efforts to pursue more greener products, TE decided to change PCF relay case marking from ink marking to laser marking. Will switch to laser marking from week 1640 gradually. The actual switch time of every relay type will depend on the actual order status. The new laser marking will keep the same marking content completely and no impact on relay function and identification

Reason: Product improvement.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
