<b>Reason for Changes:</b>
Product improvement.Dear customer, we are contacting you to notify you of a process change to the contact cavity identification marking on the end cap of the DT Series connectors, plug and receptacles. We are upgrading the marking lasers to use newer laser technology. The only change you will notice is the way the contact cavity marking

looks (see photos on this PCN). This change only affects part form and does not affect fit or function. Shipment of both versions may be mixed. IMPORTANT: This is a continual improvement so the current and previous revisions of these parts can be used interchangeably in the field. These changes are being phased in gradually and previous revision can remain stocked until use. The product drawings are not affected.
