

30-Nov-2016

PCN #:E-16-013818

Subject:Micro MNL Receptacle Housings

Description of Change: A product improvement is being implemented on all Micro MATE-N-LOK receptacle plug housings. The change enhances the housing silos with additional material and optimized step height to provide improved terminal retention. This modification will have no impact to fit or function in product applications, and no change to product specifications.

Reason: Product Improvement. Product Improvement.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
