

26-Jan-2017

PCN #:P-17-014090

Subject:AMPLIMITE Crimp contacts and TE product using them.

Description of Change: Increasing internal manufacturing capacity for AMPLIMITE, size 22 Crimp Pin Contacts. Specifically, TE PNs 204370-2 (AS39029/58-360) and 204370-8 (NASA G-08-P1).

Reason: TE Connectivity is adding additional internal capacity in other TE facilities in anticipation of increased demand. This product will continue to conform to AS39029 and NASA S-311-P-4/08 specifications. Agency notifications to NAVAIR and NASA are in process. Parts affected include AMPLIMITE Connector Kits which include these contacts.

Impact of Change:Manufacturing location change

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
