

19-May-2017

PCN #:E-17-006602

Subject:Size 12 Stamped & Formed Contacts

Description of Change: The Industrial and Commercial Transportation (ICT) business unit of TE Connectivity (TEC) intends to move production to a new supplier and create additional replicate tooling at that supplier for the part number(s) listed below. There is no fit, form, or function change to the parts themselves, but parts will be supplied on a new packaging reel. The reel will be different in appearance only.

Reason: Dear Customer, we inform you of this change as part of our continuous efforts to improve capacity and meet growing market demand. The new supplier process is executed by following TE internal strict procedures, which mitigates quality risks while maintaining our ability to supply products. The new supplier is governed under a TS16949 certified quality management system. An internal release based on our specifications will be executed before any parts are delivered.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
