

22-Aug-2017

PCN #:E-17-012194

**Subject:**DEUTSCH DRC16-40S, DRC18-40SX, DRC26-40SX

**Description of Change:** The Industrial & Commercial Transportation (ICT) business unit of TE Connectivity (TEC) is adding an alternate raw material supplier for DRC connectors listed below which are made from PPS 40GF and manufactured in ICT-Empalme, Sonora (MX) campus. The product will be identified by a small single dot molded on the side of the housing near the part number. Also, the packaging box will have an orange sticker dot for easy identification. See photo below. TEC-ICT will do its due diligence by requiring a PPAP from the supplier. This supplier has been used in the past by TEC business unit with excellent performance. This change is effective immediately to prevent shipment delays. See attached advance notification letter.

**Reason:** Dear Customer, we inform you immediately of this alternate supplier as part of our aggressive continuous improvement efforts on delivery. The alternate supplier process is executed by following TE internal strict procedures, which mitigates quality risk while increasing our ability to supply your products on time. The alternate supplier is governed under a TS16949 certified quality management system per standard automotive requirements. An internal release based on our specifications will be executed before any parts are delivered.

**Impact of Change:**form - fit - function

**Key Dates:**

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
