PCN #:E-17-013136

Subject:DEUTSCH Size 16 Stamped and Formed Pin Terminals

Description of Change: The box carton and reel will change to use standard automotive AIAG shape and size. The AIAG box carton allows more reels per box. AIAG reel has flats on the cardboard sides permitting slightly less quantities per reel than previous reels. Reel quantities will change to 3200, (was) 4000. Box carton will contain 5 reels x 3200 pieces/reel (16,000 pieces), whereas previous box carton has 4 reels x 4000 pieces/reel (16,000 pieces). Minimum Order Quantity (MOQ) will remain the same. (Ref PCN E-17-004843).

Reason: Dear customer, we are informing you of this process change to the way the below part number(s) are packaged. These changes will conform to automotive packaging standards and will improve the quality of the outermost windings of terminals. The only change you will notice is the way the product is packaged. This change does not affect fit, form or function of the product. **IMPORTANT:** This is a continual improvement process. These changes are being phased in gradually and previous reel and box versions can remain stocked until use. Shipments of multiple boxes may contain both packaging options. The product drawings or application specifications are not affected.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
