**Description of Change:** TE Connectivity has been informed by VDE that our certification has expired on the Unfiltered P-Series product. This only impacts the unfiltered version of the P-Series manufactured after October 31st 2017 (Lot Code 1744) and as a consequence we will temporarily be removing the VDE logo on our product label for all Unfiltered P-Series configurations. All remaining Filtered P-Series product configurations are not impacted. We expect this to be temporary and are addressing this issue through an active project at VDE.
