Subject:Manufacturing Location Change of Menlo Park Appliances Tubing ES2000 Products and UOM change for ES2000 coiled parts.

Description of Change: Manufacturing location change. Following Part Numbers will be transferred from our Menlo Park facility in USA and moving the production to our Trutnov facilities in Czech Republic and our Shanghai facility in China.

Reason: Dear Customer, TE apologises for the reduced notice period, this is due to a system issue. Previous notifications (P-17-015222, and P-18-015325) had been entered but may not have been received by yourselves. TE informs you about a transfer of processes. As part of the production move, we will start to ship ES2000 products after 21st March 2018 from the Trutnov facility. After this date TE reserves the right to provide qualified products from either the Menlo Park or Trutnov manufacturing locations. As not all part numbers will transfer at the same time, customers may still receive Products from the Menlo Park location after this transfer date due to inventory we will carry to allow this transfer to happen and to minimize impact to our tubing customers. Where necessary TE will continue with internal qualification and testing of products after they are received at the new locations. The Unit of Measure for ES2000 coiled parts will also change from Feet to pieces. 1 coil = 1 piece.

Impact of Change:Manufacturing location change
