

27-Feb-2018

**PCN #:**P-18-015515

**Subject:**AMPSEAL 8 and 14 position Plug assembly seals

**Description of Change:** The Industrial and Commercial Transportation (ICT) business unit of TE Connectivity (TEC), in conjunction with the seal vendor, intends to move the molding of the wire seal and perimeter seal that is used in the part number(s) listed below from the current USA location to a new USA location. We hereby reserve the right to move the tool back to the current USA location as business needs require. Final assembly of the connectors will remain at the ICT-Empalme, Sonora Mx campus. This PCN is effective immediately

**Reason:** Dear customer, we are informing you of the move of the wire and peripheral seals as part of our continuous improvement efforts and to meet on time product shipments. There is no change to the Form-Fit-Function of the seals or the final assembly. An internal release based on our specifications will be executed before any parts are delivered. Level 3 PPAP packages by assembly part number will be offered upon customer request

**Impact of Change:**Manufacturing location change

**Key Dates:**

**Contact By Date:**05-Mar-2018

**Implementation Date:**05-Mar-2018

**Product Affected**

776286-1

776273-1

776286-2

776273-4

776273-2

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
