

22-Mar-2018

PCN #:P-18-015625

Subject:Power Interconnects&Signal Interconnects

Description of Change: 1.Cancel P-18-015488 and P-18-015489, New PCN will replace P-18-015488 and P-18-015489 [2.TE](#) is in process of implementing a change in packaging material of the products noted in this document to adhere with global environmental standards and governmental regulations to ensure uninterrupted packaging material availability. Future supplies will be packaged with bubble sheets, replacing the current foam packaging. This will be a running change over the period of one year, which shall result in mixed shipments until the tentative dates mentioned below.

Reason: Product improvement.1.Make the PCN more clearly. 2.With TE s policy to abide by global and regionally instructed environmental guidelines, we are in process of changing the packaging of our products as described above. This measure also addresses the potential supply issues of packaging materials that TE may face in later date due wide acceptance of policy by industry and to ease out the constrains on recycling. The action is executed following a strict procedure, which guarantees no negative influence on quality, ability to supply and form/fit/function of the concerned products. All test was finished which guarantees the performance.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
