

10-May-2018

PCN #:E-18-006654

Subject:AMPSEAL Sealed Connector System - Plug Assemblies

Description of Change: Scope of changes in this notification include New capacity molds. Additional automated assembly lines. Assembly line transfers: Manufacturing location change from Empalme, Sonora, Mexico to Tullahoma TN Plant. (Tullahoma plant is IATF certified). Packaging change: To meet AIAG standards, Automated packaging in plastic trays, Better protection during shipping, Quantity per box change. (See attachment). Due to the urgency, TE is proceeding with the project and changes above. The effective date of assemblies from new location is targeted for 31Aug2018

Reason: This product line has seen extensive demand increases from our customer base. This demand is outpacing the current capacity and has impacted on-time deliveries. TE is investing to ensure that the current situation is corrected, as well as for the future, consistent with our goal of on-time delivery of defect free products

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
