

02-Aug-2018

PCN #:E-18-012072

Subject:AMPSEAL Socket terminal 770520

Description of Change: The company logo marking on the current stamping die that produces part numbers 770520-1 and 770520-3 will be changing from AMP to TE1. Two new stamping dies are being built and released for production. The first die will run internally to TE and will be marked with TE2 and the second die will run externally to TE and will be marked with TE3. The new internal die will run part numbers 770520-1 and 770520-3 and the new external die will run part number 770520-1. There will be no change to the material or stamping process with the release of these dies

Reason: This product line has seen extensive demand increases from our customer base. This demand is outpacing the current capacity and has impacted on-time deliveries. TE is investing to ensure that the current situation is corrected, as well as for the future, consistent with our goal of on-time delivery of defect free products

Impact of Change:form - fit - function

Key Dates:

Contact By Date:10-Sep-2018

Implementation Date:10-Sep-2018

Product Affected

770520-3

770520-1

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
