

09-Nov-2018

PCN #:P-18-016558

Subject:All IM relays (All types except IMB versions)

Description of Change: Manufacturing location change. The production of the following Part Numbers might be extended from TE Portugal, Evora to TE Austria, Waidhofen.

Reason: Dear Customer, as a result of our continuous strive for improving our processes, we hereby inform you about an extension of manufacturing footprint. The production transfer is executed by following a strict transfer procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. Product marking change / drawing change / label change: TE will add a new marking on the relays, identifying it's new production location and will update our drawings and packaging labels accordingly with a separate Engineering Change Request (E-18-017686). The new manufacturing location is under a certified quality management system according the standard industry requirements. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
