Subject:DEUTSCH HD Series Solid Contacts sizes 12, 16 and 20. Packaging Change

Description of Change: The Industrial and Commercial Transportation (ICT) business unit of TE Connectivity (TE) intends to change the packaging to use standard automotive AIAG shape and size packaging for the part number(s) listed below. Standard Package Quantity will change as described in attachment. New packaging dimension LxWxH is 15.750 x 5.875 x 4.625 inches. The product drawings are not affected. Since product fit, form and function are not affected, PPAPs will not be submitted for this change.

Reason: Dear Customer, we hereby inform you of this packaging change. The change is necessary to conform to automotive packaging standards and will provide better protection to parts during transportation. The only change you will notice is the way the product is packaged and total package quantity (see below per contact size). The change follows a certified quality management system in accordance with standard automotive requirements. **IMPORTANT:** The packaging change is being phased in gradually and previous revision can remain stocked until use. Shipments of both packaging may be mixed.
