

15-May-2019

PCN #:E-19-007117

Subject:DEUTSCH DT Series 2pin-12pin Plug and Receptacle E-seal Grommet Color Change

Description of Change: The Industrial and Commercial Transportation (ICT) business unit of TE Connectivity (TEC) is making a change to the E-seal grommet color to burnt red for the part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. The product drawings are affected. Also, 114-151009 DT application specification has been revised.

Reason: Product Improvement. Dear Customer, we hereby inform you of this change. The change is necessary to help our manual assembly lines to make a visual distinction between E-seal and N-seal grommets. This change affects form only (grommet color). The change does not impact performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
