

30-Jul-2019

PCN #:E-19-011871

Subject:DEUTSCH DT Manufacturing Location Change

Description of Change: The ICT business unit of TE Connectivity is transferring production of various components (those made in TE Hemet/CA-USA and used in the PN(s) listed below) to TE Tullahoma/TN-USA, TE Empalme/Mexico, or TE externally approved supplier. Shipping point is unchanged. These PNs are TE proprietary designs, therefore considered catalog/general market product. Tools that manufacture parts within this PCN are identified as "swing tool" and TE reserves the right in future to move tool to a TE ICT Manufacturing location and/or a TE externally approved supplier as needed. In case of subsequent transfer of swing tool, PCN will be sent to notify with zero day wait period. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or TE e-PPAP system. Submissions will not occur without request. If PPAP is requested, disposition response is required within 14 days of submit date or it will be considered approved.

Reason: This change is necessary for alignment of overall manufacturing capacity and footprint to better meet our Customer's needs. **IMPORTANT:** The change will not impact fit, form or function.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
