PCN #:P-19-017825

Subject:Micro Mate-n-Lok Headers

Description of Change: Qingdao plant is superseding the adhesive tape currently used by a new one with more adherence Quality. This action Will provide bigger reliable in the current packaging of the products supplied by TE and listed in this document.

Reason: Product improvement.Our tray packaging was not reliable enough to avoid scattered products or out of correct position, inside and outside of the tray. This was caused because the vibration and handling during the transportation and low adherence of the adhesive tape used to hold the tray. This adhesive tape was changed and improved and after some internal tests, we can warrant a better product delivered and a packaging improved.
