

30-Aug-2019

PCN #:P-19-017853

Subject:MULTIGIG Backplane connectors: RT2; RT2-R; RT3 and Solder tail.

Description of Change: TE Connectivity is changing the gold plating process from select plating to spot plating for MULTIGIG backplane connectors. New plating process of spot gold plating will affect the listed backplane assemblies below.

Reason: Product improvement.Increase control of gold plating. This change will occur on/or around December 31th, 2019. New plating process is under a certified quality management system and follows a strict procedure, which guarantees no negative influence on quality, performance, ability to supply, and form-fit-function of the concerned products.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary

from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
