

26-Dec-2019

PCN #:E-19-006687

**Subject:**DEUTSCH Brand Size 12 Stamped and Formed Gold Contacts

**Description of Change:** Dear Customer, in an effort to continuously improve our products, TE-ICT will update the gold region for the Size 12 stamped and formed Pins and Sockets. The thin gold flash layer will no longer extend into the crimp area, but the thick gold layer will remain in the Pin/Socket interface area. Tin will be added to the crimp area. This will not impact connector performance. **IMPORTANT:** This is a continual change so the current and previous revisions of this part can be used interchangeably in the field. This change is being phased in gradually and previous revisions may remain stocked until use.

**Reason:** Manufacturing / Process Requirements. Standardization of the gold plating compared to DEUTSCH Size 20 Stamped and Formed contacts.

**Key Dates:**

**Contact By Date:**31-Mar-2020

**Implementation Date:**31-Mar-2020

**Product Affected**

1062-12-0144

The dates on the product change notification (PCN) are best estimate dates

determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
