

26-Dec-2019

PCN #:E-19-019418

Subject:DEUTSCH Brand Size 16 Stamped and Formed Nickel and Gold Contacts

Description of Change: Dear Customer, in an effort to continuously improve our products, TE-ICT will update the nickel crimp area for the Size 16 stamped and formed Pins and Sockets listed below. The existing nickel crimp area will be changed to tin over nickel. This will not impact connector performance. **IMPORTANT:** This is a continual change so the current and previous revisions of this part can be used interchangeably in the field. This change is being phased in gradually and previous revisions may remain stocked until use.

Reason: Product Improvement. Standardization of the plating in the crimp area across TE/DEUTSCH Size 16 Stamped and Formed contacts.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
