

03-Apr-2020

PCN #:E-20-004888

Subject:DEUTSCH DT/DTM Swing Tools Molding and Assembly
Manufacturing Location Change.

Description of Change: The Industrial and Commercial Transportation business unit of TE Connectivity is swing transferring the molding on component(s) of the following part number(s) from TE-Empalme, Mexico to TE-Hemet, USA. These PNs are TE proprietary designs, therefore considered catalog/general market product. TE reserves the right to move tool back to prior location/supplier based on business need. Level 4 PPAP (PSW only) will be available upon request via ict-ppap-request@te.com or ePPAP system

Reason: This change is necessary to maintain production of these components for our customers due to a forced temporary plant closure as a result of COVID-19. The change will not impact connector performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
