PCN #:E-20-014084

Subject:DEUTSCH DTM Plug Housing New Capacity Tooling.

Description of Change: The Industrial and Commercial Transportation business unit of TE Connectivity is adding new capacity tooling for the housing for the part numbers listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected.

Reason: Dear Customer, we hereby inform you of this change. The new tooling is necessary to increase capacity and improve delivery to you, the customer. The added tooling does not impact connector performance. **IMPORTANT:** No fit, form or function change. Parts of the new tool are identical to current production. Shipments from current and new tooling configurations may be mixed.
