Current Date: 16-Feb-2021

TE Connectivity

Product Change Notification: E-20-016954

PCN Date: 15-FEB-21

Customer: TTI, Inc. (1305175)

Location: Maisach-gernlinden

Agreement: TTI001

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
.070 SSC Receptacle Contact

Description of Changes
TE Global Automotive Division is updating the customer to inform them of the addition of a stamped "G" added to the sides of the receptacle box. This "G" will indicate the contact is gold plated to help differentiate it from the tin plated version. This results in a minor change to the customer print. There will be no change to the raw material composition. Electrical, mechanical and environmental performances will not be affected.

Reason for Changes:
Product Improvement. Product Improvement. Document clarification. Customer notification. The addition of the G stamp is for cost increase avoidance purposes, replacing the current gold flash stripe indicator which will bring it in line with how other TE terminal product lines and our competitor's products indicate a contact is gold plated.

Estimated Dates:	
Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments

The documents listed below are being modified. Related parts that are not explicitly listed on this PCN are not being modified or discontinued as per the PCN. The Last Order Date, Last Ship Date, First Date to Ship Changed Parts and last date for Mixed Shipments apply only to parts explicitly listed on this PCN.

Note: This PCN contains only document changes, these changes do not affect the form, fit or function of the parts referenced.
