

26-Feb-2021

PCN #:E-21-002451

Subject:Heavy Duty Pin and Socket Terminals

Description of Change: Manufacturing location change. The Industrial and Commercial Transportation business unit is relocating a duplicate assembly machine to a TE Connectivity approved outside vendor. The equipment being relocated is one of three identical machines used to apply sleeves to create completed socket assemblies. Two machines will remain at the 719 Pegg Road, Greensboro, NC, TE Connectivity location which will allow production of the subject parts in both locations simultaneously.

Reason: This change is necessary for alignment of overall manufacturing capacity and footprint to better meet our Customer's needs. The transfer follows a strict procedure, which FULLY MAINTAINS QUALITY, ABILITY TO SUPPLY, and FORM-FIT-FUNCTION of the concerned products. The new manufacturing location operates under a certified quality management system in accordance with standard automotive requirements. A TE-internal release based on the relevant part specifications will be executed before delivery.. Upon request, a PPAP Level 2 will be provided. If you require such a PPAP, requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or TE e-PPAP system. Submissions will not occur without request. If PPAP is requested, disposition response is required within 14 days of submit date or it will be considered approved.
