PCN #:E-21-003453

Subject:DEUTSCH DT 4,6,8,12-Way Plug and Receptacle Housing Change and Add Second Manufacturing Location

Description of Change: TE-ICT is releasing new capacity tools and making slight form changes to DT 4,6,8,12-Way plug and receptacle housing part numbers, listed below. Changes include: Plug front seals will use seal retention version, logo and part number text, latch ends, and rounded edges. See pictures below and attached presentation for details, 4 and 12-way shown as an example. Also, as part of this initiative, TE-ICT is adding a second manufacturing location in China. CN will be added for those PNs manufactured in China to indicate the country of origin. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted via ict-ppap-request@te.com or ePPAP system. PPAPs will be completed by part family and will be available upon request only. All PPAP requests must be received within 14 days of receipt of this notification. Product drawings are affected and will be updated as the changes are phased in.

Reason: Product Improvement. Dear Customer, we hereby inform you of this change. TE-ICT will be adding new housing molds to our production capacity in order to meet demand needs and changing features to comply with DT 2 and 3-way appearance and manufacturability requirements. While there is an impact to the part form, the fit and function are not impacted. This change will give manufacturing the option to use the existing molds or the new molds. The second manufacturing location is being added to supply the APAC region. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
