TE Connectivity

Product Change Notification: PCN-21-103344

PCN Date: 18-MAY-21

Customer: TTI, Inc. (1305175)

Location: Maisach-gernlinden

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

AMP SUPERSEAL 1.5 SRS. 3 POSITIONS PLUG ASS'Y

Description of Changes

Dear customer, we here by inform you about a running raw material change for mentioned part numbers, which are under design responsibility of TE Connectivity. As already communicated, this action is mandatory to ensure the deliveries towards our customers and avoid shortages. In case of further questions and detailed information, we kindly ask you to get in touch with your sales representative first to achieve a common understanding.

Reason for Changes:

Due to Force Majeure of resin suppliers, TE Connectivity has to switch at selected components to similar material with the similar characterizes as the existing material. PN 282087-1 is also affected for this reason. Hence the resin PA66-GF15 will be used instead of PA66-GF13. A new part number variant 282087-3 will be added for using resin PA66-GF15; this is only for TE India production location. Due to time constraints, TE Connectivity does not perform full testing.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	31-MAY-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	06-JUN-2021

The documents listed below are being modified. Related parts that are not explicitly listed on this PCN are not being modified or discontinued as per the PCN. The Last Order Date, Last Ship Date, First Date to Ship Changed Parts and last date for Mixed Shipments apply only to parts explicitly listed on this PCN.

Note: This PCN contains only document changes, these changes do not affect the form, fit or function of the parts referenced.

Customer Drawing(s) Being Modified:
