

25-Jun-2021

PCN #:E-21-006540

Subject:CPC Connectors

Description of Change: Change the method of marking the contact cavity identification numbers on the wire entry end of the connector from white ink stamping to laser marking.

Reason: Manufacturing / Process Requirements. The tooling used to white ink stamp is damaged and unable to be repaired or replaced. For this reason the change is being implemented immediately.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
