

15-Dec-2021

PCN #: PCN-21-124260

Subject : General Product Description: 2.5MM PIN HOUSING, 2-4 POSITION ASSEMBLY

Description of Change : General Product Description: 2.5MM PIN HOUSING, 2-4 POSITION ASSEMBLY
Description of Changes: The Industrial and Commercial Transportation business unit of TE Connectivity is making a change to create additional wall material thickness within housing cores for improved process mold flow characteristics for the part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) will reflect this improvement. Reason for Changes: Dear Customer, we hereby inform you of this change. The change is necessary to improve processing during molding. The change does not impact connector performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
