

30-Dec-2021

PCN #: P-21-021955

Subject : MULTIGIG RT Plug in module

Description of Change : TE Connectivity will be introducing a new MULTIGIG plug in module line with minor process updates. Affecting the following assembly part numbers listed below.

Reason : Product improvement. To increase capacity and provide alternative manufacturing options for risk management. You are hereby informed that this second manufacturing line will be introduced on/or around March 1st , 2022. This line will follow the same strict procedure which fully maintains quality, ability to supply, and form-fit-function of the concerned products. New Manufacturing process will operate under the same certified quality management system.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
