TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

8 and 14 position AMPSEAL plug assembly

Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is making a material change to the perimeter seal used on the AMPSEAL Sealed Plug Assembly for the part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP request must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) is affected. Dear Customer, we hereby inform you of this change. The change is necessary to avoid supply chain disruption. The change does not impact performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed

8 position perimeter seal is a bright yellow color
