PCN #: P-22-022262

Subject : MQS SOCKET HOUSING SWS, 6POS, ASSEMBLY

Description of Change : Dear Customer, we hereby inform you about a supplier base extension for the shell housing of the mentioned part numbers which are under the design responsibility of TE Connectivity.

This PCN is only for your information and no further actions are necessary from your side, as this extension does not constitute any form, fit or function change. The material itself will remain PBT-GF15 as stated on the general customer drawing.

Reason : Customer Request. The supplier base extension is needed to protect our customers and TE Connectivity from material shortages and ensure deliveries.

TE Connectivity is still using a PBT-GF15 material with the same characteristics for the shell housing. All used materials have been tested according to the relevant specifications and the product specific requirements are fulfilled.
