

Product Change Notification

Current Date: 02-May-2022

TE Connectivity

Product Change Notification: PCN-22-137472
PCN Date: 28-APR-22
Customer: Avnet EMG (429291)
Location: North Reading
Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description: (Text limited to 120 characters)

Heavy Duty Sealed Connector Series Product Family REC and TAB Housing Group A - E

Description of Changes

The Industrial and Commercial Transportation Business Unit of TE Connectivity is transferring manufacturing of the part number(s) (PNs) listed below from TE Connectivity Woert, Germany to TE Connectivity Tangier, Morocco. Components and finished goods will have TE INTERNAL validation & RELEASE only to initiate shipment to avoid any potential line stops at customer side. TE Connectivity will remain the same quality controls. These PNs are TE proprietary designs, therefore considered catalog/general market product. TE reserves the right to move tools back to the prior manufacturing location based on business need. PPAP requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. No samples will be provided as TE considers parts to be exchangeable independent from type and location of assembly process. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected. Reason for Changes: This change is necessary to ensure capacity and prevent future supply chain disruptions in EMEA. The change does not impact performance, form, fit and function. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The changes are being phased in gradually.

Reason for Changes:

Manufacturing location change

PCN Attributes:

Product Category:	Kind of Change:
Connectors	Location Change
Change Feature:	Potential Customer Impact:
No Feature Change	No Customer Impact
