

28-Jun-2022

PCN #: PCN-22-143834

Subject : DIN 1.5 MM Socket Plug Connector, 5-7 POS. / DIN 2.5 MM Socket Plug Connector, 2-4 POS.

Description of Change : The Industrial and Commercial Transportation business unit of TE Connectivity is making a drawing change to document the use of PBT-type material for the coupling ring component used in EMEA assembly region for the product drawing(s) listed below.

Reason : Dear Customer, we hereby inform you of this drawing update. The update is necessary to reflect the change communicated through PCN-21-120149. The change does not impact performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
