TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

PLUG SUBASSY, E, HVA280-3PXM XE

Description of Changes

TE Empalme consolidation Project HVA280 in plant 5; Move the assembly work centers in the industrial park from TE planta 4 to TE Plant 5 where this change it won't affect with the Fit, Form and Function of the product, no process flow change, same raw material & same assembly tooling.

Reason for Changes:

Product improvement.Communication improvement: Multidisciplinary Team located in wiring plant 5, where one of the major benefits is that we will have high level technical support. Vertical Integration: Assembly Components & Harnesses Material Flow Improvement: Stock of material for subsequent process maintained in same building, work in process material route optimization.
