TE Connectivity

Product Change Notification: PCN-22-150129

PCN Date: 30-AUG-22

Customer: Avnet EMG (429291)

Location: North Reading

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description: (Text limited to 120 characters)

DEUTSCH DT Plug & Receptacle Process Change

Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is making a change to the molding process from using pre-colored resin to color at the press resin. This change is applicable to all North American manufacturing locations. The affected part numbers are listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected.

Reason for Changes:

Dear Customer, we hereby inform you of this change. This process allows flexibility and mitigates exposure to material shortages. The natural resin is the same as the pre-colored base resin and V-0 rating. There is no appearance change to parts manufactured with color at the press. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The change is being phased gradually and previous revision can remain stocked until use. Shipments may be mixed.

PCN Attributes:

Product Category:	Kind of Change:
Connector Housings	Manufacturing Process Change
Change Feature:	Potential Customer Impact:
No Feature Change	Manufacturing Process Change
Remarks:
