TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description: (Text limited to 120 characters)

Metal retaining clips for various DIN-rail and PCB sockets

Description of Changes

Manufacturing Location Change. For the following part numbers production will be approved from an already existing / approved production line to a second location.

Reason for Changes:

Dear Customer, to improve the resiliency of the supply chain and improve upon production optimization efforts, the below listed part numbers will now also be approved for production from an equivalent production location in China. This manufacturing change in no way changes any of the specifications listed on the product datasheet. An internal release based on TE specifications will be executed before any parts will be delivered which guarantees performance and no form, fit or function change.
