TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
SOCKET / PIN CONTACT, SIZE 20

Description of Changes
Manufacturing location change. TE Connectivity (TE) is validating a second source. This is an additional plating facility for contacts only, no part change. This change notification applies to the Socket and Pin Contacts used in the following part numbers. This change will not affect form, fit or function in any way.

Reason for Changes:
Dear customer, we hereby inform you about the change of supplier of the contacts to continue supplying them, as the current supplier has capacity and delivery time problems. The additional location follows a strict procedure, which fully maintains the quality, supply capacity and form-fit-function of the products concerned. The new manufacturing plant is governed by a certified quality management system in accordance with the requirements of industry standards. Before any part is supplied, an internal evaluation and a first article based on our specifications will be carried out.
